Forecast for Sunday 09 Oct 2022

Weather: Largely dry through the morning and afternoon, although some early low cloud will lift and break to give sunny spells. Cloud gradually increasing from the northwest later to bring some rain for the evening, perhaps becoming occasionally heavy towards midnight.

Chance of cloud-free hill tops above 600m: 70% becoming 95% plus by mid-morning, then becoming 10-20% during the evening.

Low cloud and visibility: Good or very good, but locally very poor in patchy low cloud base 500-600m at first. This clearing by mid-morning. Visibility becoming more generally moderate or poor in rain during the evening, very poor within cloud with bases becoming extensive above 500m.
